

1S-2.027 Standards for Determining Voter's Choice on a Ballot.

(1) Application. The standards in this rule apply to determine whether the voter has clearly indicated a definite choice for purposes of counting a vote cast on a ballot in a manual recount as provided specifically by Section 102.166, F.S.

(2) Direct recording electronic voting system.

(a) A vote cast on this voting system is valid for a particular candidate, issue choice, or judicial retention choice when the voter marks the ballot electronically as specified in the ballot instructions.

(b) A vote cast on this voting system is valid for a particular write-in candidate when the voter types on the touch screen the name of a write-in candidate in accordance with the ballot instructions.

(3) Optical scan voting system.

(a) A vote cast on this voting system is valid for a particular candidate, issue choice, or judicial retention choice when the voter marks the ballot as specified in the ballot instructions.

(b) A vote cast on this voting system is valid for a particular write-in candidate when the voter writes in the name of a candidate in the designated write-in space and fills in the oval or arrow next to the write-in candidate's name.

(4) Manual review and tabulation.

(a) The standards under this subsection apply in all instances where a contest is not marked as specified in the ballot instructions under subsection (2) or (3) and a manual review of the voter's markings on a ballot is required to determine whether there is a clear indication that the voter has made a definite choice in a contest.

(b) The canvassing board must first look at the entire ballot for consistency. Then the provisions of paragraph (c) apply to determine whether the voter has made a definite choice in a contest, provided the voter has not marked any other contest on the ballot, or if the voter has marked other contests, he or she has marked them in the same manner, subject to the exceptions in subparagraphs 7., 10., and 15. The following are examples of valid votes after review for consistency:

For Attorney General

(Vote for one)

- Lucille Ball
- Jack Benny
- Desi Arnaz
- Lenny Bruce

**For Commissioner of
Agriculture**

(Vote for one)

- Jack Ritter
- Audra Lindley
- Francis Bavier
- Jack Dodson

For State Representative

(Vote for one)

- Don Nichols
- Michael Ross
- Bernie West
- Norman Fell

Ballot Situation 1: Recount in race of State Representative. The two ovals in the first two races are filled in properly, but the voter has circled the candidate's name in the state representative race. Since the voter did not mark the state representative race in the same manner as in the other races, it cannot be determined whether the voter has clearly indicated a definite choice for Don Nichols.

(Vote for one)

Don Nichols 

Michael Ross 

Bernie West 

Norman Fell 

Ballot Situation 2: Recount in race of State Representative. All races on this ballot are marked in the same manner. Since the ballot is consistently marked as in paragraph (c), the vote cast for Michael Ross in the state representative race is a valid vote.

Ballot Situation 3: Recount in State Representative race. Each race is marked differently so that no consistency in marking exists. It cannot be determined which marking, if any, is clearly indicative of the voter's choice. Therefore, the vote cast for Bernie West is not valid.

(c) Subject to the provisions of paragraph (4)(b), the following marks constitute a valid vote as indicated for a particular candidate, issue choice, or judicial retention choice:

1. The voter circles or underlines either the oval, or arrow next to a candidate's name, issue choice, or judicial retention choice.
